URGENT ACTION: Email PM Carney to Act Now to End Israeli Violence in Gaza

Israel has broken the ceasefire, and airstrikes have resumed, killing over 400 Palestinians in just 48 hours—many of them women and children. The ongoing violence, compounded by **Canada's silence, is unacceptable**. It's time for our leaders to act.

Join CMPAC (Canadian Muslim Public Affairs Council) in demanding action from Prime Minister Carney, Minister Mélanie Joly, and your local MPs. We call on Canada to:

- **Suspend military support for Israel**
- **Condemn the blockade & starvation tactics**
- **Impose sanctions on war criminals**
- **Recognize Palestine as a sovereign state**

Take action NOW! It takes less than a minute!
