CMPAC Updates & MuslimsVote Progress

Dear CMPAC Community,

Election Day is Near -Let's Keep the Momentum Going!

As we approach Election Day on April 28, CMPAC is continuing to push forward with impact and purpose. In this newsletter, we share our latest commentary on the federal leadership debate, where party leaders failed to confront the genocide in Gaza - a moment that revealed the urgent need for moral courage in Canadian politics. We've also launched our TRV (Temporary Resident Visa) toolkit, demanding accountability for Canada's deeply flawed program. Plus, we're excited to share the results of our recent survey, highlighting how [MuslimsVote.ca](https://muslimsvote.ca) is influencing decisions across the country. With momentum growing, the **MuslimsVote campaign is in full force** - mobilizing voters to take action and vote with principle.

CMPAC's Commentary on the Canadian Leadership Debate

CMPAC Commentary on the Federal Leaders' Debate:
Silence, Deflection, and Missed Opportunities on Gaza
and Islamophobia

Following the Canadian federal leaders' debate, CMPAC has published a commentary highlighting a disturbing truth: the ongoing genocide in Gaza was largely ignored. In a moment demanding moral clarity, party leaders offered silence, deflection, or vague platitudes - failing to meet the urgency of this humanitarian crisis. This reflects a political culture increasingly detached from principles of justice, human rights, and international law.

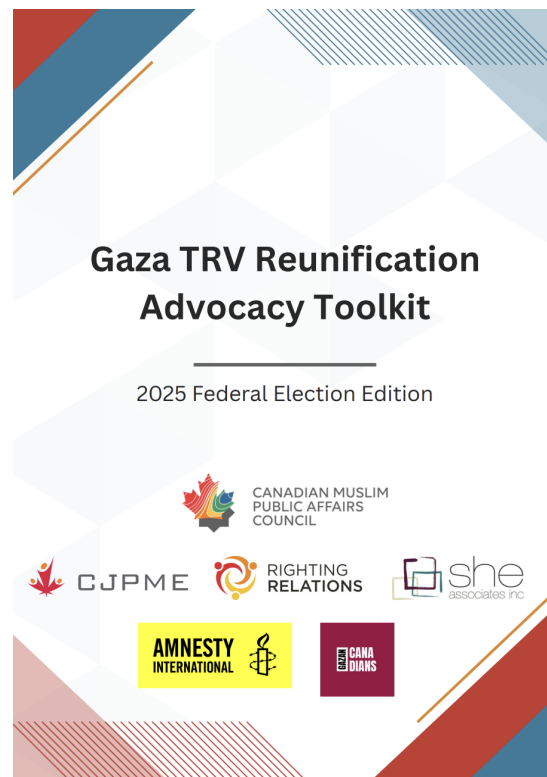

CMPAC stands firm. As Muslim and Palestinian communities across Canada watch closely, we will continue to challenge double standards, racialized narratives, and the systemic neglect of Palestinian lives. We remain committed to advocating for principled foreign policy and real protections against anti-Palestinian racism and Islamophobia here at home.

We urge our communities to stay engaged, speak out, and vote on principle. Our voices matter - let's make them heard.

Visit MuslimsVote.ca for resources, riding information, and endorsed candidates.

New TRV Toolkit Launch!

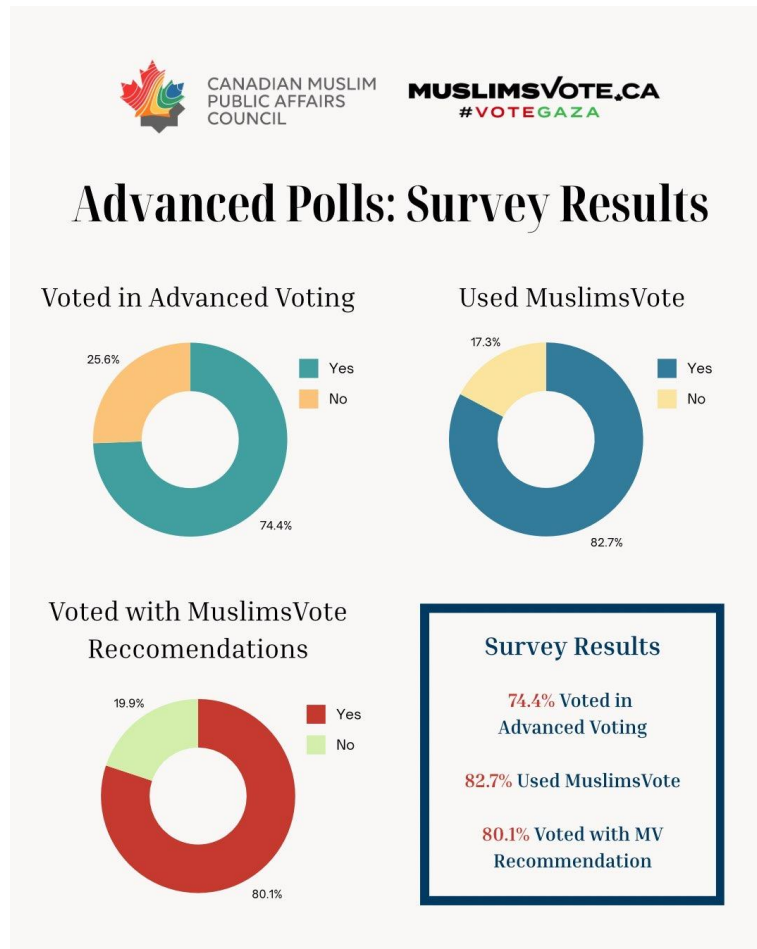

As Canadians prepare to head to the polls, CMPAC, in partnership with She Associates Inc., Amnesty International, CJPME, Righting Relations, and Gazan Canadians, is launching a vital new resource: Gaza TRV Reunification Advocacy Toolkit – 2025 Federal Election Edition.

This toolkit is designed to equip you with facts, stories, and direct action steps to demand accountability for Canada's deeply flawed Gaza Temporary Resident Visa (TRV) program.

This election, we must demand more than empty promises. We must demand bold leadership, real accountability, and true justice.

Advance Polls Survey Results!

A few days ago, we asked you to fill out a survey for the advance polls - here are the results! Almost 75% of you voted in the Advance Polls. While almost 83% of you checked out MuslimsVote, 80% voted for the endorsed or recommended candidate in their respective riding.

Muslims are voting 15% more than the average population. We need to make our voices count.

MuslimsVote Momentum!

@FARAHNASSERGLOBAL ASKS,

"WHO WILL YOU VOTE FOR?"

@CEO_MOHAMAD_FAKIH RESPONDS,

"In my riding, MuslimsVote says that I should vote NDP. And **I will follow what MuslimsVote says.** You put in your postal code and it will tell you the recommendations in that particular riding. This is a very engaged community. It's a must that we all vote. I am asking this community to **vote with principle and use MuslimsVote.ca**"
